#AA001 - KeyMark x4 Certification Class
The course covers the design and operation of KeyMark interchangeable cores. Students will have an opportunity to fill out a cylinder pinning sheet and pin a small format interchangeable core. The use of machines, tools, lubrication, product line, features and sales benefits, and information on where and when to sell KeyMark, contract review, and Service Center Requirements will also be covered.
Date: Friday, March 21st
Class Time: 8:30am – 12:30pm
Instructor: Guy Robinson of Assa Abloy
Number of CE Units: 4

#AA002 - Unlocking the Mystery of Electrified Hardware
This course covers the components of electrified systems and the terminology used. There will be hands-on training during the course.

Date: Friday, March 21st
Class Time: 8:30am – 12:30pm
Instructor: Kris Caldwell of Assa Abloy
Number of CE Units: 4

#AA003 - Doors and Architectural Hardware
This course includes a review of the door openings industry including a basic overview of architectural hardware components. Also, includes a comprehensive educational program focused on building codes as they relate to doors and hardware. Plus a general overview of hollow metal door and frame types, nomenclature, applications and hinges.

Date: Friday, March 21st
Class Time: 1:00pm – 5:00pm
Instructor: Guy Robinson of Assa Abloy
Number of CE Units: 4

#FM001 - Plan Review Course
Locksmith qualifiers are required to take this course once every three years.

This class is offer by the Louisiana State Fire Marshal's Office at no charge to anyone who wishes to attend.
Date: Friday, March 21st
Class Time: 1:00pm – 5:00pm
Instructor: Michael McLean
Number of CE Units: 4
#LM002 – Lockmasters Key Generation
This course offers the student an exciting opportunity to learn the skills needed to generate an automotive key. The extended hands-on portion of the class includes a wide variety of tools that will enable the student to experience success and gain confidence. Learn to sight-read keys, use scopes to read wafers, impression, proper use of Determinators, Kobra readers, AccuReaders, progressioning, keys by code and much, much more! This course is recommended for the locksmith who wishes to expand into automotive locksmithing, or learn how to better exploit their key generation skills.

Date: Saturday, March 22nd
Class Time: 9:00 – 5:30
Number of CE Units: 8
Instructor: Jeff Cooper

The purpose of our association is to promote and further the interests of the locksmith industry in Louisiana and Mississippi by education and fellowship among members.

Two Levels of Membership:

ACTIVE REGULAR MEMBERS – Individual is actively engaged in the locksmith industry and who are at least 18 years of age and have at least two years locksmith experience.

APPRENTICE MEMBERSHIP: Individuals who are at least 16 years of age and meet the eligibility requirements of active members, except age and experience. They have no voting rights and cannot hold office in the organization. They will automatically become an active member when all eligibility requirements are met.

Price: $75 ($60 membership fee/$15 application Fee)

Applications will be available at the Convention. To have an application mailed (US Postal) or Emailed call Glynn Hinton at (985) 641-4605 or email at: hinlock@aol.com
