## INVESTIGATION INTO FATAL ACCIDENT AT P&G PLANT CONTINUES

**RAPIDES PARISH, LA (May 25, 2018)**- Thursday evening, May 24, the Louisiana Office of State Fire Marshal released the incident scene at the Procter & Gamble plant in Pineville to investigators with OSHA.

However, deputies' investigation into the origin and cause of the fatal accident remains on-going and could be lengthy.

There are several factors to consider which investigators continue to explore in partnership with multiple agencies. Those factors include the conditions surrounding the equipment, the condition and function of the equipment at the time of the incident, as well as the operation of the equipment at the time of the incident, among other considerations.

Our investigators are working diligently and thoroughly to get these answers for the victim's family, Procter & Gamble and the public.
