CHRISTMAS FIRE SAFETY

Making Fire Safety Soar in Louisiana!

1 CHECK YOUR LIGHTS

Choose UL Listed electrical decorations, replace damaged lights, and use a properly rated power strip when plugging in multiple items. Don't overload outlets.

2 KEEP TREES WATERED

If you have a real Christmas tree, keep it watered. A well watered tree is less likely to catch fire.

3 KEEP DECORATIONS AWAY FROM HEAT

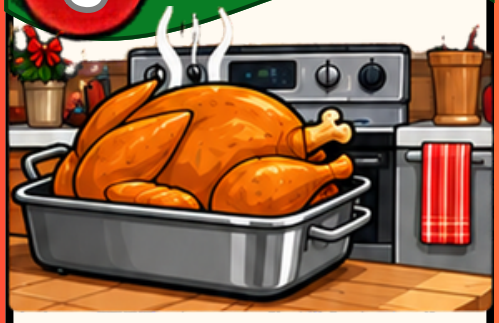

Keep decorations, stockings, and anything that can burn at least 3 feet away from fireplaces, space heaters, and other heat sources.

4 USE CANDLES WITH CARE

Keep candles on a sturdy surface, away from anything that can burn, and never leave them unattended.

5 BE CAREFUL IN THE KITCHEN

Never leave food cooking unattended, especially during holiday meal preparations.

6 HAVE A PLAN

Know two ways out of every room and have a safe meeting place outside in case of an emergency.
